

# Report and Financial Statements

31 July 2018

"The mission of Sir George Monoux Sixth Form College is to propel young people to develop the skills and personality that will bring success in future employment."

Key management personnel are defined as the members of the Corporation including the members of the College Senior Leadership Team and the latter of which were represented by the following in 2017/18:

David Vasse – Principal and Accounting Officer
Holly Bembridge – Vice Principal - Curriculum
David Ball – Vice Principal – Corporate Services
James Gould – Vice Principal – Student Services and Recruitment

## **Board of Governors**

A full list of Governors is given on page 18 of these financial statements.

Mr R Smith acted as Clerk to the Corporation throughout the period.

## Professional advisers

## Financial statements auditors and reporting accountants:

MHA MacIntyre Hudson New Bridge Street House 30-34 New Bridge Street London EC4V 6BJ

## Internal auditors:

Statement of Cash Flows for the year ended 31 July 2018	34
Notes to the financial statements	35 - 56

## **OBJECTIVES AND STRATEGIES**

The members present their report and the audited financial statements for the year ended 31 July 2018.

## Legal status

The Corporation was established under the Further and Higher Education Act 1992 for the purpose of conducting Sir George Monoux College. The Corporation was incorporated as Sir George Monoux College on 30 September 1992.

The College is an exempt charity for the purposes of part 3 the Charities Act 2011.

#### Mission

"The mission of Sir George Monoux Sixth Form College is to propel young people to develop the skills and personality that will bring success in future employment."

Our mission is cultural and is concerned with providing not only highly enriched and personalised academic pathways but also a learning environment that develops students' sense of self, through self-determination, personal targets, ambition, wellness, self-confidence and citizenship.

Our mission demands that those who work in our college have an uncompromising determination to foster trusting relationships with students, based upon empathy and positivity.

2017/18 was the first year of our new strategic plan. Students were enrolled onto Learning Pathways, supported by staff in specialist mentoring roles and taught by staff with a consistent and positive approach. From September 2017, our timetable had changed and our structure evolved to suit the Learning Pathway aims.

By 2020, Sir George Monoux Sixth Form College will be a high performing college, known for the coherent and enriched nature of teaching and learning. Students will be confident in making powerful choices about their lives, learning and careers. Throughout the college, at any point in the day, we will hear positive language.

#### **Public Benefit**

Sir George Monoux College is an exempt charity under part 3 of the Charities Act 2011 and following the Machinery of Government changes in July 2016 is regulated by the Secretary of State for Education. The members of the Corporation, who are trustees of the charity, are disclosed on page 18.

In setting and reviewing the College's strategic objectives, the Corporation has had due regard for the Charity Commission's guidance on public benefit and particularly upon its supplementary guidance on the advancement in education. The guidance sets out the requirement that all organisations wishing to be recognised as charities must demonstrate, explicitly, that their aims are for the public benefit.

In delivering its mission, the College provides the following identifiable public benefits the advancement of education:

- High-quality teaching;
- Widening participation and tackling social exclusion;
- The College is government funded and hence tuition fees are not a barrier to participation;
- High progression rates to Higher Education;

- Excellent employment rates for students;
- Strong student support systems, and
- Links with employers, industry and commerce.

## Implementation of the Strategic Plan

Identifying the significant need for speedy improvement following the grade 3, "requires improvement" Ofsted inspection in February 2016 and the lower numbers of students recruited, the Principal and the Governors agreed that a new strategic plan was required. This was drafted following extensive input from students and staff. It was agreed at the Corporation meeting on 28 January 2017.

The Ofsted inspection in 2018 confirmed the direction of the College with a grade 2 for effectiveness of leadership and management.

## Performance indicators

Academic targets:

Success rates rose to 86% in 2017/18, achieving the College's target. In 2016/17 the rate was 84%. Significant advances were made in many areas and, in particular, BTEC courses showed a high level of improvement.

ALPs scores at level 3 significantly improved for the second year (blue is the bottom quartile, red the top quartile):

YEAR	Entries to subjects	ALPS blue	Entries to ALPS black subjects		Entries to ALPS red subjects	
	Number	Proportion	Number	Proportion	Number	Proportion
17/18	354	14%	1132	44%	1091	42%
16/17	1110	33%	1614	48%	615	18%
15/16	2452	60%	1054	26%	579	14%

Attendance and punctuality were 1% below target in 2017/18.

The College improved from good to outstanding financial health, albeit at the very bottom of this grade.

The College recruited (and retained to the census date) 1,672 students, less than it was funded for. This was planned to ensure that quality education was delivered to all students at the College.

- The surplus exceeded the target of 0.5% of income, before allowing for exceptional items in the year;
- Cash flow from operating activities was positive;
- Payroll costs at 65% were below the target of 70%, and
- · Solvency was maintained at an efficient level.

## FINANCIAL POSITION

#### Financial results

The College generated an operating deficit in the year of £325,000 (after £386,000 of FRS 102 S28 related pension costs) (2016/17 – deficit of £185,000 after £210,000 of FRS 102 S28 costs).

The College has accumulated reserves of £5.935 million (after pension fund deficit of £2.514 million) and cash balances of £1.811 million. The College aims to make surpluses before FRS 102 S28 costs of at least 0.5% of income.

Tangible fixed asset additions during the year amounted to £85,000. The majority of the additions were improvements or upgrades to the IT infrastructure.

The College has significant reliance on the education sector funding body for its principal funding source, largely from recurrent grants. In 2017/18 the funding body provided 98% of the College's total income.

The College recruited 1,672 students in summer 2017, slightly lower than predicted. This did not reflect on the College's popularity, rather that students who were not serious with their studies were not allowed to continue at the College and disrupt the education of others. The success of the College's new recruitment methodologies is reflected in the results.

. . . . '

## Treasury policies and objectives

Treasury management is the management of the College's cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

The College has a separate treasury management policy in place.

Short term borrowing for temporary revenue purposes is authorised by the Accounting Officer. All other borrowing requires the authorisation of the Corporation and shall comply with the requirements of the Financial Memorandum.

The size of the College's total borrowing and its approach to interest rate exposure has been calculated to ensure a reasonable cushion between the total cost of servicing debt and operating cash flow. During the year this margin was comfortably exceeded.

#### Cash flows

At £489,000 inflow (2016/17 £521,000 inflow), operating cash inflow was strong. The net cash flow was an inflow of £100,000.

## Liquidity

The College has one loan that was taken out to fund the construction of new buildings in 2004. This fixed rate loan had £435,000 outstanding at the year end.

## Payment performance

The Late Payment of Commercial Debts (Interest) Act 1998, which came into force on 1 November 1998, requires colleges, in the absence of agreement to the contrary, to make payments to suppliers within 30 days of either the provision of goods or services or the date on which the invoice was received. The target set by the Treasury for payment to suppliers within 30 days is 95 per cent. During the accounting period 1 August 2017 to 31 July 2018, the College has aimed to pay all of its undisputed invoices within 30 days. Over 99.8% of all invoices (by value) were paid within 30 days, those that weren't were due to billing errors by the supplier. The College incurred no interest charges in 2017/18.

#### Reserves

The College has no formal Reserves Policy, but recognises the importance of reserves in the financial stability of an organisation, whilst ensuring that adequate resources are provided for the College's core business. The College forecasts its financial performance for two years in advance every year as part of its planning process. The College currently holds £54,000 of restricted reserves. As at the Balance Sheet date the Income and Expenditure account reserve stood at £2,373,000 (2017: £1,425,000).

The College has accumulated reserves of £8.849 million (£5.935 million after deduction of the pension fund deficit of £2.514 million) and cash balances of £1.811 million. The College aims to make surpluses before FRS 102 S28 pension adjustments.

#### CURRENT AND FUTURE DEVELOPMENT AND PERFORMANCE

## Student numbers

In 2017/18 the College has delivered activity that has produced £8,532,000 in funding body main allocation funding (2016/17 – £8,727,000). The College had 1,672 funding body funded students.

The number of student enrolments reduced slightly in 2017/18. The College is certain that wider knowledge of its new mission and ethos will increase recruitment in future years.

#### Student achievements

Achievement rates increased to 84% in 2016/17. This improved to 86% in 2017/18.

## College Management

David Vasse took up the post of Principal from 1st September 2016.

The new strategic plan was put in place in early 2017, thus 2017/18 was he first full year that it was in place and the 2018 enrolment cohort will be the first group to have been able to see how the plan works in practice.

The College recruited to its one senior management vacancy and filled all the new pathway leader posts with strongly performing managers.

The College management and the Corporation are sure that the College is well placed to continue, and accelerate, its improvement whilst remaining financially viable.

# Ofsted The College was inspected in January 2018. The overall conclusions were:

Effectiveness of leadership and management	Good
Quality of teaching, learning and assessment	Requires improvement
Personal development, behaviour and welfare	Requires improvement
Outcomes for learners	Requires improvement
16 to 19 study programmes	Requires improvement
Overall effectiveness at previous inspection	Requires improvement

The College required improvement because:

- Governors and leaders have not yet had sufficient impact on raising the quality of provision to
  ensure that the overall effectiveness of the college reaches a 'good' standard.
- A minority of staff do not consistently instil in students suitable behaviour, or attitudes to learning, to comply with college expectations in lessons.
- Too many students turn up late for lessons and not ready to learn, which often causes disruptions and delays to the start of lessons.
- Too often teachers do not design a sufficiently broad range of activities to match students' varied abilities in lessons.
- Too few students benefit from external work experience to support the development of workrelated skills.

- Too few AS- and A-level students, who make up around a third of students, make sufficient progress and successfully achieve their qualifications.
- The proportion of students who successfully achieve high grades in GCSE mathematics, or who passed their functional skills English or mathematics, is too low.

## The College has these strengths:

- The new leadership team has established a positive environment for both staff and students, with a strong focus on improving teaching. Leaders, governors and managers have improved markedly their ability to assess the quality of teaching and learning, and to put in place improvement strategies.
- Teachers are now setting more effective targets for students, and using better checks to monitor their progress.
- Students have good opportunities to build their independence, social and interpersonal skills.
- Managers and teachers have successfully increased the proportion of students on vocational courses at levels 2 and 3, who make up around two thirds of students, who achieve their qualifications and make good progress in their learning.
- Students receive good, impartial careers guidance, and support with application to university.
- On completion, a high proportion of students successfully progress to the next stage of their education or training.

## Curriculum developments

- 86% of courses are be in ALPS black or red category in 2017/18.
- The Welfare and Inclusion team have guided curriculum staff regarding Prevent and British Values in June 2018 in order that ideas and opportunities are more routinely embedded into curriculum schemes of work.
- The Monoux Passport scheme has been developed into a 2-3 year cycle for students, alongside the deployment of Unifrog as a tool for research into future destinations.
- There has been increased interest in participation in the student leadership team for 18/19.
- The Monoux Teacher framework has been embedded in the College (and all new starters are trained in the requirements). It is based on five themes:
  - Deep knowledge well applied;
  - Effective instruction;
  - Positive beliefs and attitudes:
  - Good management of learning, and
  - Professional Behaviour.
- The College has also introduced a Monoux student framework
  - Be prepared to make changes and tackle difficulties;
  - Stay one step ahead;
  - Enjoy talking and working with adults;
  - Always be positive and responsive at college;
  - Be inquisitive and ambitious;
  - Don't neglect your health and fitness;
  - Be organised and know what's going on;
  - Work on your language and communication;
  - Harness the power of data and number, and
  - Commit to successful and ethical use of digital media
- Supported Experiments (involving all teaching staff) have prioritised the sharing of effective practice and experimentation in approaches to giving feedback.
- Small increase in student satisfaction with assessment arrangements from 77% in December 2017 to 79% in March 18.
- The Progress Coach role has been reviewed and 5 new appointments made.
- The college has designed a new approach to the start of the day (with planned learning hours), under the heading of Entry Periods, to support learning about communication, interaction with adults, community involvement and welfare. Due to be fully implemented in September 2018.
- Importance of punctuality is made clear to students and college is proactive in addressing lateness.
- The college is introducing dress guidance for students from September 2018.

- Swift and firm action taken with a small minority of individuals displaying derogatory or aggressive language.
- Guidelines for note-taking in operation as a cross-College strategy. There have been considerable improvements in students' file use and preparation of revision materials at Level 3.
- All Pathways have now increased their partnership activity with employers, leading to an increase in recorded work experience opportunities.
- All students have received information about Safeguarding at Induction through the Student Handbook and an introduction from Personal Mentors.
- An annual Safeguarding Report is presented to Governors and the Safeguarding Policy has been updated alongside changes to statutory guidance. Governors have completed Safeguarding/PREVENT training in Term 1 2017/2018 and are aware of their duties.
- All staff, students and Governors are identified with lanyards and picture ID and visitors receive temporary identification. Our security guards are engaging and friendly towards students. As part of their role they carry out random class searches and wand usage on arrival. We also run regular 'whole college' searches.
- The Positive Relationships framework gives a foundation for challenging and positive conversations to take place between staff and learners.
- The appointment of 6 Personal Mentors increased the capacity to support students and contributed to a more effective Safeguarding response. In 17/18, the visibility of the Personal Mentors was improved through the re-branding of the Mix Zone into The Mentoring Zone. This enables all learners to associate the central area of the college as a place where they can find a listening ear, support and community.
- There are 10 Designated Members of Staff with central coordination through the Welfare and Inclusion Manager. As they know the majority of learners with challenging personal circumstances this often makes it easier to take decisive action when safeguarding concerns arise.
- Safety process. This was commended through a recent external audit. A new monitoring tool has also been introduced.
- A data collection exercise in April 2018 recorded a significant number of Work Experience Projects taking place around the College and provided a benchmark for improvement in 2018/19.
- Work Experience Placements have been embedded into Enrolment, Induction and lessons in the first few weeks of term. A leaflet has been produced for all students outlining the offer and the month they will be going out on placement. This has also been communicated to parents.
- A new Cross-College leadership group on Employability has been initiated.
- Block release was introduced successfully in the Summer Term for six vocational groups. This has been scheduled for all Level 2 and Level 3 vocational courses. A Level students will be supported to find placements during the February half-term and Easter of their first year of study.
- Pathway targets for 2018/19 have been set for each of the four key themes and a calendar of Work Experience Placements and Work Experience Projects has been produced for 18-19.

## **Future developments**

The College funding income for 2018/19 has been set at £8.3 million from the ESFA.

## Our campus

The Strategic Plan for 2017-20 does not include any major refurbishment or building works. Some key minor works have been completed to support our new curriculum and services:

- · Completion of new Student Information Centre;
- Study room for Gifted and Talented Academy (doubled in size in 2017/18);
- Re-organisation of the LRC to accommodate zones for Learning Pathways;
- Provision of a workspace for an Additional Learning Support service, and
- New space for the student leadership team.

#### Resources

The College has 4 buildings set in 17 acres of London; the College has long term plans for the site that include additional building and sports development. These are contingent on funding being secured.

The College's main resource is its staff. The College invests strongly in training and development to ensure that staff remain up to date and are able to continue improvement.

## **Financial**

The College has £5.935 million of net assets (after £2.514 million pension liability) and long term debt of £0.435 million.

## **Pension Liabilities**

The College has fully implemented the provisions of Financial Reporting Standard 102, in particular Section 28 in relation to defined benefit pension schemes. The Corporation remains extremely concerned about the impact of FRS 102 S28 contributions to the Local Government Pension Scheme on the future finances of the College.

With specific reference to London Borough of Waltham Forest Pension Scheme the Corporation has no control over the management of the fund, its financial arrangements and investment profile. In the Corporation's opinion this needs to be recognised and acknowledged by the Trustees of the fund and resolved by the appointment of at least one of the Waltham Forest Colleges' Corporation's members to the Board of Trustees.

At 31 July 2016 the FRS 102 S28 deficit was £4.501 million. However the full actuarial valuation of the fund, as at 31 March 2016, showed that the College's share of the deficit had declined from the last actuarial valuation by £744,000 to £1.081 million. The College's funding level had risen from 62% to 80% in that period. Whilst the actuarial and accounting valuations are calculated on differing bases this level of difference materially affects the presentation of the financial statements.

The FRS 102 S28 deficit reduced from £4.501 million to £3.347 million at 31 July 2017 and to £2.514 million at 31 July 2018 (see note 19), primarily due to a high return on plan assets. This remains a substantial difference from the 31st March 2016 Actuarial valuation.

The Government Actuary Department (GAD) started the valuation of the Teacher Pension Scheme (TPS) in July 2017 but will not finish it until HM Treasury publish directions required by the Public Service Pension Act. GAD officials expected to complete the valuation by Easter 2018 but there have been delays across all public sector schemes. The valuation remains under discussion with particular questions about the discount rate.

## People

The College employed 125 people (expressed as full time equivalents), 66 of whom are teaching staff.

The College invests heavily in the training and development of its staff, with particular regard to curriculum delivery, sageguarding, health & safety and GDPR.

## Reputation

The College has a good reputation locally and across the whole of East London. Despite its recent dip in performance the College's long history and lengthy record of success stands it in good stead.

## **Principal Risks and Uncertainties**

The College has undertaken further work during the year to develop and embed the system of internal control, including financial, operational and risk management which is designed to protect the College's assets and reputation.

Based on the strategic plan, the Risk Management Group undertakes a comprehensive review of the risks to which the College is exposed. They identify systems and procedures, including specific preventable actions which should mitigate any potential impact on the College. The internal controls are then implemented and the subsequent year's appraisal will review their effectiveness and progress against risk mitigation actions. In addition to the annual review, the Risk Management Group will also consider any risks which may arise as a result of a new area of work being undertaken by the College.

A risk register is maintained at the College level which is reviewed at least annually by the Audit Committee and more frequently where necessary. The risk register identifies the key risks, the likelihood of those risks occurring, their potential impact on the College and the actions being taken to reduce and mitigate the risks. Risks are prioritised using a consistent scoring system.

This is supported by a risk management training programme to raise awareness of risk throughout the College.

Outlined below is a description of the principal risk factors that may affect the College. Not all the factors are within the College's control. Other factors besides those listed below may also adversely affect the College.

## The College remains financially viable

The College has considerable reliance on continued government funding through the ESFA. In 2017/18, 98% of the College's revenue was ultimately public funded and this level of requirement is expected to continue. The drop in student numbers means that expenditure will have to be realigned with income in 2018/19. The budgeting for this has already been completed and approved.

This risk has been mitigated by:

- A new strategic plan;
- Staff restructuring;
- Detailed budgeting, and
- Cost saving strategies.

## **Student Progress**

Achievement rates and value added need to improve to, and beyond, national benchmarks.

The strategic plan is a comprehensive approach to minimizing this risk.

To date the risk has been mitigated in these ways:

- Staff training
- Introduction of the Monoux Teacher
- Lesson observations and learning walks
- Use of professional predictions
- Subject based targets set and reviewed at least five terms per year
- PiXL6 used at the College
- Pivotal behaviour managements systems introduced

## Safeguarding and Prevent

Students are subject to many stresses in the modern world. In addition the College's location and student identity, makes the student body very sensitive to the impact of terrorist attacks in the UK, not only due to their proximity but also the prejudice that occurs in the aftermath.

This risk is mitigated in a number of ways:

- Staff and governor training
- Safeguarding hub setup
- New counsellor recruited
- New personal mentor staff at the College
- E-safe software on the network

## Stakeholder Relationships

In line with other colleges and with universities, Sir George Monoux College has many stakeholders. These include:

- Students,
- · Funding Councils,

Staff,

. . . .

- Local employers (with specific links),
- Local Authorities,
- · Government Offices/ Regional Development Agencies,
- The local community,
- Other FE institutions.
- · Trade unions, and
- Professional bodies.

The College recognises the importance of these relationships and engages in regular communication with them through the College Internet site, MOODLE and by meetings.

## Equal opportunity and employment of disabled persons

The College celebrates and values the diversity brought to its workforce by individuals. It believes that the College will benefit from employing both disabled and non-disabled people at all levels of responsibility, and across all areas of work. This will also provide role models for a variety of students. The College is committed to equality of treatment for all employees regardless of whether they have a physical or mental impairment. This will apply to the operation and implementation of all its employment policies. The College will treat all employees with respect and dignity, and seeks to provide a positive working environment free from disability discrimination, harassment or victimisation.

The College will work towards the elimination of prejudice and discrimination and will seek to ensure that all staff have equal access to the full range of College facilities.

There will be no discrimination against staff on grounds of disability in access to employment, training, working conditions, terms of employment, treatment at work, promotion or dismissal. The College undertakes to fulfil its duty to make reasonable adjustments to enable staff to do their work, and not to treat staff with a disability less favourably than those without.

The Equality Policy is available on the website.

#### **Disability Statement**

The College seeks to achieve the objectives set down in the Equality Act 2010, which places a general duty on the College to:

- promote equality of opportunity between disabled persons and other persons
- seek to eliminate discrimination that is unlawful under the Act
- seek to eliminate harassment of disabled persons that is related to their disabilities
- promote positive attitudes towards disabled persons
- encourage participation by disabled persons in public life
- take steps to take account of disabled persons' disabilities, even where that involves treating disabled persons more favourably than other persons.

In particular the College makes the following commitments:

- all improvements to the site recognise the need for compliance with the DDA;
- the admissions policy for all students is described in the College charter. Appeals against a decision not to offer a place are dealt with under the Complaints Procedure;
- the College has made a significant investment in Learning Support by the appointment of specialist staff and the provision of dedicated resource areas. There is a continuing programme of staff development to ensure a high level of appropriate support for students who have learning difficulties and/or disabilities, and
- counselling and welfare services are described in the Student Charter and are available to all students.

#### **Trade Union costs**

There were four Trade Union representatives at the College in the year 1 April 2017 to 31 March 2018. The total cost of facility time was £1,978.

## Disclosure of information to auditors

MUMIL

The members who held office at the date of approval of this report confirm that, so far as they are aware, there is no relevant audit information of which the College's auditors are unaware; and each member has taken all the steps that he or she ought to have taken to be aware of any relevant audit information and to establish that the College's auditors are aware of that information

Approved by order of the members of the Corporation on 18 December 2018 and signed on its behalf by:

Signed

Alan Wells OBE

Chair

The following statement is provided to enable readers of the annual report and accounts of the college to obtain a better understanding of its governance and legal structure. The statement covers the period 1<sup>st</sup> August 2017 to 31<sup>st</sup> July 2018 and up to the date of approval of the annual report and financial statements.

The College endeavours to conduct its business:

. . . . .

- i) in accordance with the seven principals identified by the Committee on Standards in Public Life (selflessness, integrity, objectivity, accountability openness, honesty and leadership);
- ii) having due regard to the UK Corporate Governance Code ("the Code) insofar as it is applicable to the further education sector.

The College is committed to exhibiting the best practice in all aspects of corporate governance and in particular the College/Board has adopted and complied with the Foundation Code. We have not adopted and therefore do not apply the UK Corporate Governance Code. However, we have reported on our Corporate Governance arrangements by drawing upon the best practice available, including those aspects of the UK Corporate Governance Code we consider to be relevant to the further education sector and best practice.

In the opinion of the Governors, the College complies with all the provisions of the Foundation Code, and it has complied throughout the year ended 31 July 2018.

The Corporation recognises that, as a body entrusted with both public and private funds, it has a particular duty to observe the highest standards of corporate governance at all times.

The College is an exempt charity within the meaning of Part 3 of the Charities Act 2011. The Governors, who are also the Trustees for the purposes of the Charities Act 2011, confirm that they have due regard for the Charity Commission's guidance on public benefit and that the required statements appear elsewhere in these financial statements.

## The Corporation

The composition of the Corporation is set out in the table below. It is the Corporation's responsibility to bring independent judgment to bear on issues of strategy, performance, resources and standards of conduct.

The members who served the Corporation (and its Committees) during the period and up to the date of signature of this report were as follows:

Name	Status of appointment	Date of appointment	Date of resignation	Term of office	Committees served	Attendance*
Ms. R Bhalla	Independent	2.7.17		4	VCh, P(Ch), R,	80%
MS. R Brialia	independent	2.7.17		4 years	VCh, R(Ch), N,	80%

Performance	85%		
Remuneration	80%		
Resources	79%		

The Corporation is provided with regular and timely information on the overall financial performance of the College, together with other information such as performance against funding targets, proposed capital expenditure, quality matters and personnel-related matters such as health and safety and environmental issues. The Corporation meets at least once per term.

The Corporation conducts its business through a number of committees. Each committee has terms of reference, which have been approved by the Corporation. In 2017/18 these committees were; Resources; Nominations; Performance & Quality Monitoring, External Relations and Audit. Full minutes of all meetings are available from the Clerk to the Corporation at:

Sir George Monoux College 190 Chingford Road Walthamstow London E17 5AA

The Clerk to the Corporation maintains a register of financial and personal interests of the Corporation members. The register is available for inspection at the above address.

All governors are able to obtain independent professional advice in furtherance of their duties at the College's expense and have access to the Clerk to the Corporation, who is responsible to the Board for ensuring compliance with all applicable procedures and regulations. The appointment, evaluation and removal of the Clerk are matters for the Corporation as a whole.

Formal agendas, papers and reports are supplied to governors in a timely manner, prior to Board meetings. Briefings are also provided on an ad hoc basis.

The Corporation has a strong and independent non-executive element and no individual or group dominates its decision-making process. The Corporation considers that each of its non-executive members is independent of management, and free from any business or other relationship which could materially interfere with the exercise of their independent judgment.

There is a clear division of responsibility in that the roles of the Chair of the Corporation and Principal are separate.

## Appointments to the Corporation

Any new appointments to the Corporation are a matter for consideration of the Corporation as a whole. The Corporation has a Nominations Committee, which in the year ended 31 July 2018, consisted of five to six members of the Corporation, which is responsible for the selection and nomination of any new member for the Corporation's consideration. The Corporation is responsible for ensuring that appropriate training is provided as required.

Members of the Corporation are appointed for a term of office not exceeding four years.

#### Corporation Performance

The Corporation assessed its performance as part of Governor individual appraisal in Autumn 2018. Overall, the effectiveness of the Corporation in 2017-18 was assessed as 'good'. The College remains in a strong financial position under the current Principal.

## Personnel, Appraisal and Remuneration Committee

Throughout the year ending 31 July 2018, the College's Personnel, Appraisal and Remuneration Committee comprised four members of the Corporation. The Committee's responsibilities were to make recommendations to the Board on the remuneration and benefits of the Principal and other senior post holders and it also exercised oversight of the HR function and set the framework of terms and conditions for the generality of staff.

Details of remuneration for the year ended 31 July 2018 are set out in notes 7 and 8 to the financial statements.

#### **Audit Committee**

The Audit Committee comprises of two members of the Corporation (excluding the Principal and Chair) and a co-opted audit specialist. Further appointments will be made to the Committee following the recent recruitment of new governors. The committee operates in accordance with written terms of reference approved by the Corporation. Its purpose is to advise the Corporation on the adequacy and effectiveness of the College's systems of internal control and its arrangements for risk management, control and governance processes.

The Audit Committee meets on a termly basis and provides a forum for reporting by the College's internal and financial statement auditors, who have access to the Committee for independent discussion, without the presence of College management. The Committee also receives and considers reports from the main FE funding bodies as they affect the College's business.

The College's internal auditors review the systems of internal control, risk management controls and governance processes in accordance with an agreed plan of input and report their findings to management and the Audit Committee.

Management is responsible for the implementation of agreed audit recommendations, and internal audit undertakes periodic follow-up reviews to ensure such recommendations have been implemented.

The Audit Committee also advises the Corporation on the appointment of internal and financial statement auditors and their remuneration for both audit and non-audit work as well as reporting annually to the Corporation.

## Internal Control

## Scope of responsibility

The Corporation is ultimately responsible for the College's system of internal control and for reviewing its effectiveness. However, such a system is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can provide only reasonable, not absolute, assurance against material misstatement or loss.

The Corporation has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for maintaining a sound system of internal control that supports the achievement of the College's policies, aims and objectives, whilst safeguarding the public funds and assets for which he is personally responsible, in accordance with the responsibility assigned to him in the Financial Memorandum between the College and the funding bodies. He is also responsible for reporting to the Corporation any material weaknesses or breakdowns in internal control.

## The Purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of College policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should it be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Sir George Monoux College for the year ended 31 July 2018 and up to the date of approval of the annual report and financial statements.

## Capacity to handle risk

. . . .

The Corporation has reviewed the key risks to which the College is exposed, together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Corporation is of the view that there is a formal ongoing process for identifying, evaluating and managing the College's significant risks that has been in place for the period ended 31 July 2018 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Corporation.

The system of internal financial control is based on a framework of regular management information, administrative procedures including the segregation of duties, and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting systems with an annual budget which is reviewed and agreed by the Corporation
- regular reviews by the Corporation of periodic and annual financial reports which indicate financial performance against forecast
- setting targets to measure financial and other performance
- · clearly defined capital investment control guidelines
- the adoption of formal project management disciplines where appropriate

The College has an internal audit service, which operates in accordance with the requirements of the ESFA's Post 16 Audit Code of Practice. The work of the internal audit service is informed by an analysis of the risks to which the College is exposed, and annual internal audit plans are based on this analysis. The analysis of risks and the internal audit plans are endorsed by the Corporation of the College on the recommendation of the Audit Committee. At minimum annually, the Head of Internal Audit (HIA) provides the Corporation with a report on internal audit activity within the College. The report includes the HIA's independent opinion on the adequacy and effectiveness of the College's system of risk management controls and governance processes.

#### Review of effectiveness

As Accounting Officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. The Principal's review of the effectiveness of the system of internal control is informed by:

- the work of the internal auditors
- the work of the executive managers within the College who have responsibility for the development and maintenance of the internal control framework
- Comments made by the College's financial statements auditors and the appointed funding auditors in their management letters and other reports.

The Principal has been advised on the implications of the result of the review of the effectiveness of the system of internal control by the Audit Committee which oversees the work of the internal auditor, risk committee and other sources of assurance, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

The senior management team receives reports setting out key performance and risk indicators and considers possible control issues brought to their attention by early warning mechanisms, which are embedded within the departments and reinforced by risk awareness training.

The senior management team and the audit committee also receive regular reports from internal audit and other areas of assurance, which include recommendations for improvements. The Audit Committee's role in this area is confined to a high-level review of the arrangements for internal control.

The Corporation's agenda includes a regular item for consideration of risk and control and receives reports thereon from the senior management team and the Audit Committee. The emphasis is on obtaining the relevant degree of assurance and not merely reporting by exception. At its December 2018 meeting, the Corporation carried out the annual assessment for the year ended 31 July 2018 by considering documentation from the senior management team and internal audit, including a review of the key risks to the college and a review of the risk management process, and taking account of events since 31 July 2018.

Based on the advice of the Audit Committee and the Principal, the Corporation is of the opinion that the College has an adequate and effective framework for governance, risk management and control, and has fulfilled its statutory responsibility for "the effective and efficient use of resources, the solvency of the institution and the body and the safeguarding of their assets".

#### Going Concern

After making appropriate enquiries, the Corporation considers that the College has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

## Corporation's Statement of the College's regularity, propriety and compliance with Funding body terms and conditions of funding

The Corporation has considered its responsibility to notify the Education and Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of funding, under the college's funding agreement. As part of its consideration the Corporation has due regard to the requirements of the funding agreement and contracts with the ESFA.

We confirm, on behalf of the Corporation, and that to the best of its knowledge, we are able to identify any material irregular or improper use of funds by the College, or material non-compliance with the terms and conditions of funding under the College's funding agreement.

We confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be to date have been notified to the ESFA.

## Statement of the Responsibilities of the Members of the Corporation

The members of the Corporation of the College are required to present audited financial statements for each financial year.

Within the terms of and conditions of the Financial Memorandum agreed between with the ESFA, the Corporation, through its Accounting Officer, is required to prepare financial statements for each financial year in accordance with the 2015 Statement of Recommended Practice - Accounting for Further and Higher Education and with the College Accounts Direction 2017 to 2018 issued by the ESFA and the UK's Generally Accepted Accounting Practice, and which give a true and fair view of the state of affairs of the College and the surplus of income over expenditure for the period.

In preparing the financial statements, the Corporation is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare financial statements on the going concern basis unless it is inappropriate to assume that the College will continue in operation.

The Corporation is also required to prepare a Members Report which describes what it is trying to do and how it is going about it, including the legal and administrative status of the College.

The Corporation is responsible for keeping proper accounting records which disclose with reasonable accuracy, at any time the financial position of the College and which enable it to ensure that the financial statements are prepared in accordance with the relevant legislation of incorporation including the Further and Higher Education Act 1992 and the Charities Act 2011, and other relevant accounting standards. It is responsible for taking steps that are reasonably open to it to safeguard assets of the College and to prevent and detect fraud and other irregularities.

The maintenance and integrity of the College website is the responsibility of the Corporation of the College; the work carried out by the auditors does not involve consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Members of the Corporation are responsible for ensuring expenditure and income are applied for the purposes intended by Parliament and that the financial transactions conform to the authorities that govern them. In addition, they are responsible for ensuring that funds from ESFA are used only in accordance with the ESFA's grant funding agreement and contracts and any other conditions that may be prescribed from time to time.

## Statement of the Responsibilities of the Members of the Corporation

Members of the Corporation must ensure that there are appropriate financial and management controls in place to safeguard public and other funds and ensure they are used properly. In addition, members of the Corporation are responsible for securing economical, efficient and effective management of the College's resources and expenditure, so that the benefits that should be derived from the application of public funds from the ESFA are not put at risk.

## Independent Auditor's Report to the Members of the Corporation of Sir George Monoux College Year ended 31 July 2018

## Opinion

We have audited the financial statements of Sir George Monoux College for the year ended 31 July 2018 which comprise the Statement of Comprehensive Income, the Statement of Changes in Reserves, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the College's affairs as at 31 July 2018 and of the surplus for the year then ended;
- have been properly prepared in accordance with the 2015 Statement of Recommended Practice Accounting for Further and Higher Education.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Governors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Governors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the College's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

## Other information

The Governors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Independent Auditor's Report to the Members of the Corporation of Sir George Monoux College Year ended 31 July 2018

## Matters on which we are required to report by exception

In the light of the knowledge and understanding of the College and its environment obtained in the course of the audit, we have not identified material misstatements in the members' report or operating and financial review or the statement of corporate governance and internal control.

We have nothing to report in respect of the following matters in relation to which the Post 16 Audit Code of Practice issued jointly by the Skills Funding Agency and the Education Funding Agency (March 2018) requires us to report to you if our opinion:

- adequate accounting records have not been kept; or
- the annual accounts are not in agreement with the accounting records; or
- we have not received all the information and explanations required for our audit.

## Responsibilities of Governors

As explained more fully in the Governors' responsibilities statement, the Governors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Governors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Governors are responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Governors either intend to liquidate the College or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Governors.
- Conclude on the appropriateness of the Governors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to

## Independent Auditor's Report to the Members of the Corporation of Sir George Monoux College Year ended 31 July 2018

continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Use of our report

This report is made solely to the Governors, as a body, in accordance with the College's Articles of Government. Our audit work has been undertaken so that we might state to the Governors, as a body, those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Governors, as a body, for our audit work, for this report, or for the opinions we have formed.

MHA MacIntyre Hudson

MHA MacIntyre Hudson LLP Chartered Accountants and Registered Auditors New Bridge Street House 30-34 New Bridge Street London EC4V 6BJ

Date: 20 December 2018

# Independent Auditor's Report to the Members of the Corporation of Sir George Monoux College Year ended 31 July 2018

In accordance with the terms of our engagement letter and further to the requirements of the financial memorandum/funding agreement with the ESFA we have carried out an engagement to obtain limited assurance about whether anything has come to our attention that would suggest that in all material respects the expenditure disbursed and income received by Sir George Monoux College during the period 1 August 2017 to 31 July 2018 have not been applied to the purposes identified by Parliament and the financial transactions do not conform to the authorities which govern them.

The framework that has been applied is set out in the Post 16 Audit Code of Practice ("the Code") issued by the Department. In line with this framework, our work has specifically not considered income received from the main funding grants generated through the Individualised Learner Record returns, for which the Department has other assurance arrangements in place.

# Respective responsibilities of Sir George Monoux College and the reporting accountant

The Corporation of Sir George Monoux College is responsible, under the requirements of the Further & Higher Education Act 1992, subsequent legislation and related regulations and guidance, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Code. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1 August 2017 to 31 July 2018 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

## Reporting accountant's assurance report on regularity

Our responsibilities for this engagement are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Joint Audit Code of Practice. We report to you whether anything has come to our attention in carrying out our work which suggests that, in all material respects, expenditure disbursed and income received during the year ended 31 July 2018 have not been applied for the purposes intended by Parliament or that the financial transactions do not conform to the authorities that govern them.

## Basis of opinion

We conducted our engagement in accordance with the Code issued by the Department. We performed a limited assurance engagement as defined in that framework.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

Reporting Accountant's assurance report on regularity to the Corporation of Sir George Monoux College and Secretary of State for Education acting through the Department for Education ("the Department")

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity of the College's income and expenditure. The work undertaken to draw our conclusion included:

- Reviewing the self-assessment questionnaire which supports the representations included in the Chair of Governors and Accounting Officer's statement on regularity, propriety and compliance with the relevant framework;
- Reviewing the Corporation minutes relevant to our consideration of regularity;
- Testing transactions with related parties;
- Testing a sample of payments to suppliers and a sample of payroll payments to staff.

## Opinion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year 1 August 2017 to 31 July 2018 have not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

## Use of our report

This report is made solely to the Corporation of Sir George Monoux College and Department in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to the Corporation of Sir George Monoux College and the Department those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Corporation of Sir George Monoux College and the Department for our work, for this report, or for the conclusion we have formed.

## Notes to the Financial Statements

## Statement of accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

## Basis of preparation

. . . . . '

These financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting for Further and Higher Education 2015 (the 2015 FE HE SORP), the College Accounts Direction for 2017 to 2018 and in accordance with Financial Reporting Standard 102 – "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" (FRS 102). The College is a public benefit entity and has therefore applied the relevant public benefit requirements of FRS 102.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the College's accounting policies. The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the College's accounting policies.

## Basis of accounting

The financial statements are prepared in accordance with the historical cost convention modified by the revaluation of certain fixed assets and in accordance with applicable United Kingdom Accounting Standards.

## **Going Concern**

The activities of the College, together with the factors likely to affect its future development and performance are set out in the Members Report. The financial position of the College, its cashflow, liquidity and borrowings are presented in the Financial Statements and accompanying Notes.

The College currently has £435,000 of loans outstanding with bankers on terms negotiated in 2000. The terms of the existing agreement are for repayment in quarterly instalments ending in 2020. The College's forecasts and financial projections indicate that it will be able to operate within this existing facility and covenants for the foreseeable future.

Accordingly the College has a reasonable expectation that it has adequate resources to continue in operational existence for the foreseeable future, and for this reason will continue to adopt the going concern basis in the preparation of its Financial Statements.

#### Recognition of income

Funding body recurrent grants are recognised in line with best estimates for the period of what is receivable and depend on the particular income stream involved. Any under or over achievement for the adult learner responsive funding element is normally adjusted for in year and reflected in the level of recurrent grant recognised in the income and expenditure account. The final grant income is normally determined with the conclusion of the year end reconciliation process with the funding body at the end of November following the year end. Employer Responsive funding is receivable based on latest ILR returns in respect of the current financial year, but subject to consideration of the College's performance relative to maximum contract values. 16-18 learner responsive funding is not normally subject to a reconciliation and is therefore not subject to contract adjustments.

Non-recurrent grants from funding bodies or other bodies received in respect of the acquisition of fixed assets are treated as deferred capital grants and amortised in line with depreciation over the life of the assets.

## Notes to the Financial Statements

Government revenue grants include funding body recurrent grants and other grants and are accounted for under the accrual model as permitted by FRS 102. 16-18 learner-responsive funding is not normally subject to reconciliation and is therefore not subject to contract adjustments.

Grants (including research grants) from non-government sources are recognised in income when the College is entitled to the income and performance related conditions have been met. Income received in advance of performance related conditions being met is recognised as deferred income within creditors on the balance sheet and released to income as the conditions are met.

## Capital Grant Funding

Government capital grants are capitalised, held as deferred income and recognised in income over the expected useful life of the asset, under the accrual method as permitted by FRS 102. Other capital grants are recognised in income when the College is entitled to the funds subject to any performance related conditions being met.

Income from tuition fees is stated gross of any expenditure which is not a discount and is recognised in the period for which it is received.

All income from short-term deposits is credited to the income and expenditure account in the period in which it is earned on a receivable basis.

#### Post-retirement benefits

Retirement benefits to employees of the College are provided by the Teachers' Pension Scheme (TPS) and the London Borough of Waltham Forest Pension Fund (LBWFPF). These are defined benefit schemes which are externally funded and contracted out of the state second pension.

## Teachers' Pension Scheme (TPS)

The TPS is an unfunded scheme. Contributions to the TPS are calculated so as to spread the cost of pensions over employees' working lives with the College in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by qualified actuaries on the basis of valuations using a prospective benefit method. The TPS is a multi-employer scheme and there is insufficient information available to use defined benefit accounting. The TPS is therefore treated as a defined contribution plan and the contributions recognised as an expense in the income statement in the periods during which services are rendered by employees.

## The London Borough of Waltham Forest Local Government Pension Scheme (LBWFLGPS)

The LBWFLGPS is a funded scheme. The assets of the LBWFLGPS are measured using closing fair values. LBWFLGPS liabilities are measured using the projected unit credit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of Comprehensive Income and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the

benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in interest and other finance costs.

Actuarial gains and losses are recognised immediately in other actuarial gains and losses.

### **Short-Term Employment Benefits**

Short term employment benefits such as salaries and compensated absences (holiday pay) are recognised as an expense in the year in which the employees render service to the College. Any unused benefits are accrued and measured as the additional amount the College expects to pay as a result of the unused entitlement.

### Non-Current Assets - Tangible Fixed Assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Certain items of fixed assets that had been revalued to fair value on or prior to the date of transition to the 2015 FE HE SORP, are measured on the basis of deemed cost, being the revalued amount at the date of that revaluation.

Where parts of a fixed asset have different useful lives, they are accounted for as separate items of fixed assets.

### Land and Buildings

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Land and buildings

Freehold land is not depreciated as it is considered to have an infinite useful life.

Freehold buildings are depreciated over their expected useful economic life to the College of between 20 and 50 years. The College has a policy of depreciating major adaptations to buildings over the period of their useful economic life of between 20 and 50 years.

Where land and buildings are acquired with the aid of specific grants, they are capitalised and depreciated as above. The related grants are credited to a deferred income account within creditors, and are released to the income and expenditure account over the expected useful economic life of the related asset on a systematic basis consistent with the depreciation policy. The deferred income is allocated between creditors due within one year and those due after more than one year.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying amount of any fixed asset may not be recoverable.

On adoption of FRS 102, the College followed the transitional provision to retain the book value of land and buildings. On adoption of the FRS 15, the College followed the transitional provision to retain the book value of land and buildings, which were revalued in 1993, but not to adopt a policy of revaluations of these properties in the future. These values are retained subject to the requirement to test assets for impairment.

#### Equipment

Equipment costing less than £3,000 per individual item is written off to the income and expenditure account in the period of acquisition. Equipment costing more than £3,000 is capitalised at cost. Equipment is depreciated on a straight-line basis over its expected life, which for computer equipment is 3 years, and for other equipment up to 8 years. Where equipment is acquired with the aid of specific grants, it is capitalised

and depreciated in accordance with the above policy; the related grant being credited to a deferred capital grant account and released to the income and expenditure account over the expected useful life of the related equipment.

Where significant expenditure is incurred on tangible fixed assets it is charged to the income and expenditure account in the period it is incurred, unless it meets one of the following criteria, in which case it is capitalised and depreciated on the relevant basis:

- Market value of the fixed asset has subsequently improved
- Asset capacity increases
- Substantial improvement in the quality of output or reduction in operating costs
- Significant extension of assets life beyond that conferred by repairs and maintenance

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Comprehensive Income and Expenditure.

#### Other Investments

Listed investments held as non-current assets and current asset investments, which may include listed investments, are stated at fair value, with movements recognised in Comprehensive Income. Investments comprising unquoted equity instruments are measured at fair value, estimated using a valuation technique.

#### **Taxation**

The College is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK Corporation tax purposes. Accordingly, the College is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

The College is exempt in respect of Value Added Tax, so that it cannot recover VAT on inputs. Irrecoverable VAT on inputs is included in the costs of such inputs and added to the cost of tangible fixed assets as appropriate, where the inputs themselves are tangible fixed assets by nature.

#### Cash and cash equivalents

Cash includes cash in hand, deposits repayable on demand and overdrafts. Deposits are repayable on demand if they are in practice available within 24 hours without penalty.

### **Provisions**

Provisions are recognised when

- the College has a present legal or constructive obligation as a result of a past event
- · it is probable that a transfer of economic benefit will be required to settle the obligation, and
- a reliable estimate can be made of the amount of the obligation.

. ,

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate. The unwinding of the discount is recognised as finance cost in the statement of comprehensive income in the period it arises.

A contingent liability arises from a past event that gives the College a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the College. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the balance sheet but are disclosed in the notes to the financial statements.

## Judgements In Applying Accounting Policies and Key Sources of Estimation Uncertainty

In preparing these financial statements, management have made the following judgements:

- Determine whether leases entered into by the College either as a lessor or a lessee are operating or finance leases. These decisions depend on an assessment of whether the risks and rewards of ownership have been transferred from the lessor to the lessee on a lease by lease basis.
- Determine whether there are indicators of impairment of the College's tangible assets, including goodwill. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset and where it is a component of a larger cash generating unit, the viability and expected future performance of that unit.

Other key sources of estimation uncertainty

Tangible fixed assets

Tangible fixed assets, other than investment properties, are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

Local Government Pension Scheme

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 26, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2016 has been used by the actuary in valuing the pensions liability at 31 July 2018. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

Other pension costs (including FRS 102 S28 adjustments of £286,000- 2017 £83,000)	822	910
	5,602	7,059
Contracted staff	685	798
	6,287	7,857
Restructuring costs - Contractual	0	436
- Non contractual	0	54
	0	490

The restructuring in 2016/17 was approved by the College's Corporation.

## 8 Key Management Personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the College and are represented by the Senior Leadership Team which comprises the Principal, Vice Principals and Assistant Principals and members of the Corporation (who are not remunerated).

The number of senior post-holders and other staff who received annual emoluments, excluding pension contributions and employers' national insurance but including benefits in kind, in the following ranges was:

## Emoluments of Key management personnel, Accounting Officer and other higher paid staff

	2018	2017
	No.	No.
The number of key management personnel including the		***
Accounting Officer was:	4	5

The number of key management personnel and other staff who received annual emoluments excluding pension contributions and employer's national insurance but including benefits in kind, in the following ranges was:

		nagement personnel	9	Other staff
	2018	2017	2018	2017
	No.	No.	No.	No.
£40,001 to £50,000 p.a.	1	==	-	-

£100,001 to £110,000 p.a.		1	-	-
£120,001 to £130,000 p.a.	1	-	-	-
	4	5	3	0

A pay award of 1% was made to all staff (except the lower points on the teachers' scale where a 2% award was made). The College is part of the collective negotiations carried out by the Sixth Form College Association

There were no amounts due to key management personnel that were waived in the year, nor any salary sacrifice arrangements in place.

The members of the Corporation other than the Accounting Officer and the staff member did not receive any payment from the institution other than the reimbursement of travel and subsistence expenses incurred in the course of their duties. Key management personnel compensation is made up as follows:

	2018	2017
	£	£
Salaries	328,950	401,294
Pension contributions	50,093	55,525
Employers National Insurance	41,311	46,322
	420,354	503,142

There were no amounts due to key management personnel that were waived in the year, nor any salary sacrifice arrangements in place.

The above emoluments include amounts payable to the Principal/ Accounting Officer (who is also the highest paid senior post-holder) of:

	2018 £	2017 £
Salary	126,473	106,088
Pension contributions	20,843	17,483
Salary - interim post holder from 24 November 2015 to 31 August 2016		8,333
Pension contributions - interim post holder from 24 November 2015 to 31 August 2016	-	1,017

The pension contributions in respect of the Principal and other senior post-holders are in respect of employer's contributions to the Teachers Superannuation Scheme or the Local Government Pension Scheme and are paid at the same rate as for other employees.

The members of the Corporation other than the Principal & Accounting Officer and the staff members did not receive any payment from the institution other than the reimbursement of travel and subsistence expenses incurred in the course of their duties.

Senior post-holders, including the Principal and other higher paid staff, received a 1% cost of living pay rise, as did other staff.

Inherited land and buildings were valued at 1/4/93 for the purpose of the 1994 financial statements at depreciated replacement cost by the District Valuer/Valuation Officer for Redbridge. Other tangible fixed assets inherited from the local education authority at incorporation were valued by the Corporation based on specifically identified asset purchase costs. A cricket pitch was partially funded with £17,000 from Sport England is included above. If this is removed before 7 years elapse a proportion of the grant will have to be repaid. The pitch is two years old and it is considered extremely unlikely that this will happen.

If fixed assets had not been revalued before being deemed at cost on transition they would have been included at the following historical cost amounts:

Cost:

Nil Nil

Depreciation:

Charge to the Statement of Comprehensive Income		566		567
Total Pension Cost for Year within staff costs		822	_	910

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS was at 31 March 2012 and of the LGPS at 31 March 2016.

There were no outstanding or prepaid contributions at the beginning or end of the financial year.

## **Teachers' Pension Scheme**

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. These regulations apply to teachers in schools and other educational establishments, including colleges. Membership is automatic for teachers and lecturers at eligible institutions. Teachers and lecturers are able to opt out of the TPS.

The TPS is an unfunded scheme and members contribute on a 'pay as you go' basis - these contributions, along with those made by employers, are credited to the Exchequer under arrangements governed by the above Act. Retirement and other pension benefits are paid by public funds provided by Parliament. Under the definitions set out in FRS 102 (28.11), the TPS is a multi-employer pension plan. The College is unable to identify its share of the underlying assets and liabilities of the plan.

Accordingly, the College has taken advantage of the exemption in FRS 102 and has accounted for its contributions to the scheme as if it were a defined-contribution plan. The College has set out above the information available on the plan and the implications for the College in terms of the anticipated contribution rates.

The valuation of the TPS is carried out in line with regulations made under the Public Service Pension Act 2013. Valuations credit the teachers' pension account with a real rate of return assuming funds are invested in notional investments that produce that real rate of return.

The latest actuarial review of the TPS was carried out as at 31 March 2012. The valuation report was published by the Department for Education (the Department) on 9 June 2014. The key results of the valuation are:

- New employer contribution rates were set at 16.48% of pensionable pay (including administration) fees of 0.08%);
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £191,500 million, and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £176,600 million giving a notional past service deficit of £14,900 million;
- an employer cost cap of 10.9% of pensionable pay.
- the assumed real rate of return is 3.0% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.75%. The assumed nominal rate of return is 5.06%.

The new employer contribution rate for the TPS was implemented in September 2015. The next valuation of the TPS is currently underway based on April 2016 data, whereupon the employer contribution rate is expected to be reassessed and will be payable at some point in 2019.

A full copy of the valuation report and supporting documentation can be found on the Teachers' Pension Scheme website.

The pension costs paid to TPS in the year amounted to £255,000 (2016/17: £343,000).

#### **Local Government Pension Scheme**

The LGPS is a funded defined-benefit plan, with the assets held in separate funds administered by Waltham Forest Local Authority. The total contributions made for the year ended 31 July 2018 were £389,000, of which employer's contributions totalled £272,000 and employees' contributions totalled £117,000. The agreed contribution rates for future years are 12.1% for employers and range from 5.5% to 7.5% for employees.

## **Principal Actuarial Assumptions**

The following information is based upon a full actuarial valuation of the fund at 31 March 2016 updated to 31 July 2017 by a qualified independent actuary.

	At 31 July 2018	At 31 July 2017
Rate of CPI inflation	2.1	2.2
Rate of increase in salaries	3.6	3.7
Rate of increase for pensions	2.2	2.2
Discount rate for liabilities	2.9	2.6

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement age 65 are:

	At 31 July 2018	At 31 July 2017
Retiring today	χ.	
Males	22.5	22.4
Females	25.5	25.4
Retiring in 20 years		
Males	24.7	24.6
Females	27.9	27.7
Sensitivity analysis	At 31 July 2018	At 31 July 2017
	£'000	£'000
Discount rate ±0.1% na	107	100
Discount rate +0.1% pa	197	196
Inflation +0.1% pa	(202)	(201)
Pay growth +1% pa	(31)	(51)
Mortality assumption – 1 year increase	(175)	(175)

The College's share of the assets in the plan at the balance sheet date and the expected rates of return were:

	Value at 31 July 2018 £'000	Value at 31 July 2017 £'000
Equities	4,428	3,673
Other Bonds	671	700
Property	604	525
Other	201	350
Cash/liquidity	805	583
Total Market Value of Assets	6,709	5,831
Actual return on plan assets	567	411

The amount included in the balance sheet in respect of the defined benefit pension plan is as follows:

	2018	2017
	£'000	£'000
Fair value of plan assets	6,709	5,831
Present value of plan liabilities	(9,223)	(9,178)
(Deficit) in the scheme	(2,514)	(3,347)

Amounts recognised in the Statement of Comprehensive Income in respect of the plan are as follows:

	2018 £'000	2017 £'000
Current Service Cost	499	409
Curtailments	59	48
Administrative Costs	17	16
Interest	83	111
	658	584

## Amounts recognised in Other Comprehensive Income:

The estimated value of employer contributions for the year ended 31st July 2019 is £216,000.

## 20 Post Balance Sheet Events

There have been no post Balance Sheet events

## 21 Lease obligations

	2018	2017
	£'000	£'000
Other		
Not later than one year	76	83
Later than one year and not later than five years	216	82
Total lease payments due	292	165

## 22 Restricted Reserves

The capital base of the Rothery Bequest is described in note 11. Revenue generated by the fund within the framework of the will is applied as specified.

## 23 Related Party Transactions

Due to the nature of the College's operations and the composition of the board of governors (being drawn from local public and private sector organisations) it is inevitable that transactions will take place with organisations in which a member of the board of governors may have an interest. All transactions involving organisations in which a member of the board of governors may have an interest are conducted at arm's length and in accordance with the College's financial regulations and normal procurement procedures.
